Give a hearty 'hello' to our...

Charges and additional product terms

Which take effect on **13 January 2018**

We realise verbally greeting a terms document isn't normal but it's so full of useful information about your account(s), how they should be used and your rights we thought you two should become acquainted.

And because we know T&Cs can be heavy going, we've worked really hard to make sure these ones are in as plain English as humanly possible.

Our Charges and additional product terms

These terms are extra to our Account Terms and Conditions and cover anything that's specific to your particular account(s). So if there's a difference between what they say and the terms in this document, these terms will apply.

If you'd like another copy of our terms at any time you'll always be able to find an up to date version at firstdirect.com/terms-and-conditions or if you prefer paper, give us a call on our normal number (all our contact details are on the back of these terms) and we'll send you one in the post.

Charges and overdraft interest

Payments

We don't charge for running your account or for sending or receiving payments except the ones shown below and any account fee for a 1st Account.

Payment from your accounts	To	Phone Banking	Online or Mobile Banking	Post
CHAPS payment	Anywhere in the UK	£25	n/a	£25
International payments or payments within the UK in a currency other than Sterling	first direct or HSBC accounts	£0	n/a	£0
	non- first direct or non-HSBC accounts	£4	n/a	£4

Just so you know

For payments outside the EEA, we may use an intermediary bank. This intermediary and the receiving bank may also have charges.

We take charges for payments from your account when we make the payment.

Debit card fees for non-Sterling transactions	Purchases	Cash withdrawals in a foreign currency or from cash machines outside the UK
All accounts	Non-Sterling transaction fee: 2.75%	Non-Sterling transaction fee: 2.75% Cash fee: 2% (Min: £1.75, Max: £5)

Just so you know

Other ATM providers may charge you to use their cash machines.

We calculate the percentage fee on the converted amount of the purchase or cash withdrawal.

These fees don't apply to First Directory customers if the transaction is made from the account you pay your First Directory fee from.

Charges for some payments into your account		Charge
Non-Sterling payments of £100 or more. We won't charge for payments of up to €50,000 (or 500,000 Swedish Krona) from countries in the EU if the relevant identification numbers are provided ie Bank Identifier Code (BIC) and International Bank Account Number (IBAN).		£8
Sterling payments of £100 or more from banks outside the UK		£6
Cheques we negotiate or collect for you because they're issued: • in a currency that isn't Sterling or Euro • by a non-UK bank in Sterling or Euro	£250 or less	£7
	£250.01 or more	0.5% (Minimum: £10, Maximum: £50)
Cheques issued in Euro by a bank in the Eurozone		£7

Just so you know	
If you receive a payment in Sterling, we'll take the charge before we make the payment to your account. For payments in other currencies, we'll pay the full amount into your account before we take the charge.	
When negotiating a cheque , we assume it'll clear, convert it into Sterling using the first direct Exchange Rate and pay it into your account on the working day we receive it.	
When collecting a cheque , we send it to the paying bank first – we only convert it into Sterling (using the first direct Exchange Rate) and pay the money into your account when we receive it back from them. How long this takes can vary depending on the paying bank, the country it's in or the country any agent we use to collect the payment is in – just ask us if you're unsure.	

Unarranged overdrafts

(ones we haven't agreed with you in advance)

Just so you know	
An unarranged overdraft request is where you authorise a payment that would take you over your arranged limit (or overdrawn if you don't have one) and we temporarily agree to cover it (you'll normally have up to 31 days to repay it).	
We only offer overdrafts on our 1st Accounts, not on other types of account eg ones designed for savings.	

You'll have to pay a usage fee or interest if you have an unarranged overdraft on your 1st Account. The table below shows the fee, interest rate and the maximum amount we'd charge for an unarranged overdraft in one month aka the Monthly Maximum Charge.

Account	Unarranged Overdraft Usage Fee or Interest	Monthly Maximum Charge
1st Account	Interest: 0% EAR variable each day (unless your account is linked to an Offset Mortgage – if it is, the mortgage rate will apply) Fee: £5 each day	£80

Monthly cap on unarranged overdraft charges

Each current account will set a monthly maximum charge for:

- going overdrawn when you have not arranged an overdraft; or
- going over/past your arranged overdraft limit (if you have one).

This cap covers any:

- interest and fees for going over/past your arranged overdraft limit
- fees for each payment your bank allows despite lack of funds; and
- fees for each payment your bank refuses due to lack of funds.

When we won't charge for an unarranged overdraft

We won't charge you a daily unarranged Overdraft Usage Fee if:

- you pay in enough money to cover the unarranged overdraft amount before the end of the day
- the unarranged overdraft is £10 or less
- your account has had an unarranged overdraft for more than 30 days in a row
- your account has an unarranged overdraft only because of an overdraft or interest charge.

We'll also never charge you more in Overdraft Usage Fees than the amount of unarranged overdraft you've used in a charging period eg if you've used an unarranged overdraft of £50 for 12 days in any charging period we'll charge £50, rather than £60 (£5 daily fee x 12).

Just so you know

A charging period is a calendar month which starts from the day you open your account, unless you've arranged something different with us.

Arranged overdrafts

(ones you have agreed with us in advance)

Just so you know

An **arranged overdraft** request is where you ask us for an overdraft before you go over your arranged limit (or go overdrawn if you don't have one). We'll confirm your limit in writing and although it doesn't have a fixed period, we'll review it each year to make sure it's still suitable for your circumstances.

We only offer overdrafts on our 1st Accounts, not on other types of account eg ones designed for savings.

If we've agreed an arranged overdraft with you, we'll charge interest at the rates shown in the table below.

Account	Arranged overdraft interest
1st Accounts (except ones linked to an Offset Mortgage)	15.9% EAR variable (but 0% EAR variable on the first £250 you borrow)
1st Accounts linked to an Offset Mortgage	The interest rate which applies to your mortgage on anything you borrow

In the following summaries, we've explained the key details and terms for each of the accounts covered by the Account Terms and Conditions.

Please read the summary for the account(s) relevant to you along with the rest of these terms and the Account Terms and Conditions. You should also read:

- any account brochure we send you
- our 'Give me the facts' brochure
- our Interest Rates and Charges document for any applicable savings interest rates
- any other information you get when you apply.

- your account has been open for less than 6 months
- at least £1,000 is paid in each month (not including transfers from other **first direct** accounts)

- you have a mortgage, credit card, Personal Loan, savings (except Regular Saver), First Directory or Home Insurance with us
- there are no transactions on your 1st Account for more than 90 days and the balance is less than £10.

We don't charge a fee for any additional 1st Accounts you have in the same name(s) – if you have a 1st Account in your sole name and one in joint names, or you have joint accounts with different people, these aren't in the same name so you'll be charged another fee.

Account features:

- UK and overseas payments
- contactless debit card and cheque book
- overdraft (if you ask and we can offer you one) – the first £250 is interest-free
- manage your account via Online, Mobile or Phone Banking, HSBC self-service machines and by post
- withdraw cash, pay in cash/cheques and check your balance at HSBC Bank and Post Office® branches
- you can automatically 'sweep' spare money into one of our savings accounts on whichever day you want, to help you save.

To be eligible: You need to be 18 or over when you apply.

Regular Saver Account

Account features:

- make a payment of between £25 and £300 (in multiples of £5) from your 1st Account to open the account
- you'll then need to make 11 more payments by standing order from your 1st Account up to the Maximum Monthly Balance which is £300 in month 1 and increases by £300 each month ie £600 in month 2, £900 in month 3 and so on
- you can change the amount of your standing order by calling us, but you can't change the date
- you can't make partial withdrawals
- if you close the account early, we'll pay you interest at the relevant Savings Account rate – all our current rates are shown on the Interest Rates and Charges document – you can call us for a copy or view them on our website
- your account will mature and close on the first anniversary of the date it was opened and we'll transfer the final balance to another savings account with us
- can't be used as a Linked Account for the purposes of any Offset Mortgage you have with us.

To be eligible: You'll need to have our 1st Account when you apply and keep it open for as long as you have your Regular Saver. You can only have one Regular Saver and it can only be in your sole name.

Specific terms and conditions:

1. We calculate interest daily on the balance and pay it on the anniversary of the account opening.
2. You need to keep your 1st Account while you have your Regular Saver. If you close your 1st Account, we'll also take this as an instruction to close your Regular Saver and pay the balance (including interest) into your 1st Account before we close it.
3. If you're switching your 1st Account to another provider using the Current Account Switch Service and it's in credit, we'll send your total balance (including interest at the relevant Savings Account rate) to your new account. If your 1st Account is overdrawn on the day of the switch, we'll close your Regular Saver on the Working Day after, use the money to repay the debt then send any remaining money to you.
4. Once a month you need to make a standing order payment from your 1st Account into your Regular Saver on the same day you opened your Regular Saver or the next Working Day. You can only make one payment to your Regular Saver each month.
5. You can save between £25 and £300 each month, up to a maximum of £3,600. If your regular payments are less than £300, you can carry your allowance over and increase your standing order in later months.
6. If you save more than the Maximum Monthly Balance (explained above), we'll pay you interest on the extra at the relevant Savings Account rate – all our current rates are shown in our Interest Rates and Charges document – if this isn't enclosed you can call us for a copy or view them on our website.
7. Your account will close automatically on the first anniversary (365 days) after you opened it and we'll then send you a closing statement by post.
8. If you have one of our Everyday e-Saver or Savings Accounts in the same name as your Regular Saver, we'll transfer your money and interest to that account. If you have both, we'll transfer to the one with the highest interest rate at the time. If you don't have one of these accounts, we'll convert your Regular Saver into a new Savings Account in the same name. It can take up to 5 Working Days for the account to convert and you'll earn interest at your new account's rate during that time. If you need access to it while this is happening, please give us a call.
9. You can close your account at any time by sending us a Secure Message via Online Banking, giving us a call or by writing to us. If you close your account before its first anniversary, we'll pay you interest up to the date it closes at the relevant Savings Account rate and pay your money (including any interest) into your 1st Account unless you tell us to pay it somewhere else.
